Ice Cream RECEIPT...

OUR ICE CREAM is town talk. A number of ladies have asked for our receipt, and we are glad to give it to all.

We use one half Jersey Cream, one half rich milk, granulated sugar and pure fruit flavor. This will make you the finest cream that can be made. If you do not want to trouble with making it, we can furnish you any amount at \$1.50 a gallon.

If you only want a half gallon or gallon, this is cheaper than you can make it. If you want cheap cream at 75c or \$1.00 a gallon, we advise you to go elsewhere, as we only make one kind. It is the same kind we serve at our fountain, and that is the reason they are all coming to Bratton's.

Hopkins thought was coming to them.

The Illinois delegation was instructed to vote for Mr. Hearst at St. Louis as long as his name remained before the convention.

Fine Peaches.

Today Mr. J. E. Thompson brought to the Herald office some fine specimens of the Gov. Hogg peach. They are beauties, and are as richly flavored as any peach grown. Mr. Thompson sold them at 40 cents a peck, and could have sold many bushels at that price.

Notice.

All the lady members of the Baptist church are requested to meet at Mrs. W. H. Kingsbury's, on Murchison street, from 4 to 5, Friday, June 17.

Association News.

Mr. A. V. Bourque, the physical director, is making a visit to Beaumont today with a view to locating there. Mr. Bourque has resigned his position with the local association, to take effect on the first, and has received a call from the Beaumont association. This association is now entering the finest building in the state and have flattering prospects before them.

The boys who had a perfect record of attendance at the boys' Sunday meeting, spent a huge day of fun at the big grove beyond Gibson's lake yesterday.

Plans are being formed to have some popular entertainments at the association during the summer.

The big bath room at the building is well patronized these days.

Bank Statements.

The Herald today contains two bank statements of two of Palestine's banks, the Palestine National and the Royall National, and they both make a fine showing. There are deposits in these two banks aggregating over \$310,000, showing a condition of unusual prosperity.

MILLIONAIRE IN OVERALLS.

CORNELIUS VANDERBILT AS HE WORKS IN HIS MACHINE SHOP.

Few wage earners work any harder than does young millionaire Cornelius Vanderbilt, Jr. Unlike some other young men who have come into the inheritance of vast wealth, Cornelius Vanderbilt, Jr., is a man of strong principles and a firm believer in the nobility of labor.

After his graduation from Yale university the young man decided to equip himself with a thorough practical knowledge of every branch of railroad work. Donning a pair of overalls and jumper, he worked side by side with ordinary mechanics, spending two years' time in the motive power and civil engineering department of the New York Central Railway.

He is an expert mechanic, and has already perfected several inventions which have come into use as improvements in railway equipment. One of these inventions is a device for use on locomotives which has the effect of facilitating the removal of the fire box from an engine, thus expediting the work of cleaning the fire box.

In this picture Mr. Vanderbilt has on one of Finck's "Detroit-Special" No. 35 Coats and Finck's "Detroit-Special" No. 15 Reversible Overall. All other "wage earners" are now asking for Finck's "Detroit-Special" Reversible Overalls, Union Made, made in Detroit. For sale by all the leading dealers throughout the country.

We have ready for you a full assortment of the above well-known goods.
